Martial Arts Workshop 🥋

We're excited to share the news that the Martial Arts Workshop, **proudly sponsored by PAC**, is currently underway and will continue into next week. This workshop is designed to focus on enhancing self-esteem and empowering our students with skills to navigate challenges confidently, promoting a "bully-proof" mindset. It's heartening to see our children enjoying the learning experience during these sessions!

Volunteer Opportunity

Our school library will be hosting a Book Fair from February 12th to 15th. To make this event a success, we are seeking enthusiastic volunteers to support various aspects of the Book Fair.

If you have the time and interest to contribute, we would be incredibly grateful for your assistance. Volunteers will have the opportunity to help with book displays, assist students in finding their favorite reads, and contribute to the overall success of this literary event.
